LINES TO A FRIEND

When I have needed sunshine you have brought it.
When I have needed help you came to me,
Sharing my battle, fighting as I fought it,
Giving your strength to win my victory.

That which I lacked, when doubt and danger tried me—
Courage and faith and hope to carry on—
You, with your friendly graces, have supplied me;
Always you stood for me to lean upon.

Sometimes I feel that over-much I task you,
When every day increasing friendship's debt;
You proffer joys for which I would not ask you
And fill the need before the need is met.

Yours are the ways of friendship, rich with giving,
And when at last I stand before the throne,
Telling the story of my years of living,
There I shall make your deeds of kindness known.

Dear K. C. B.—We have a club of girls at which the following rules were passed by majority vote:
We should use no cosmetics, except powder.
No openwork stockings.
No immediately low necks.
No elaborate hairdresses.
No rolled stockings so bare knees show.
No flimsy dresses.
No high heels.
Skirts no more than 15 inches from the floor.
No jazz garters.
Now, after these rules were passed a few of the girls said they would dress as they pleased and wear what they pleased. What is your opinion of them?

Do You Know That—

There are millions of people in New York who never have robbed or been robbed?
In New Rochelle recently a woman was seen riding sideways on a horse?
Premier Poincaré, of France, thinks Napoleon would have looked like him if he (Napoleon) had worn chin whiskers?
Lloyd George doesn't know that dice are used in shooting craps?
Senator Henry Cabot Lodge never uses a toothpick in public?

IF THE girls agreed.
BEFORE THE vote.
THEY WOULD conform.
TO WHATEVER rules.
THEY SHOULD adopt.
THEN THEY are wrong.
BUT IF they didn't.
THEN I don't think.
THEY ARE to blame.
FOR I'M very sure.
IF I were a girl.
I'D LET no club.
DICTATE TO me.
WHAT I should wear.
AND IF I wanted.
I'D WEAR jazz garters.
WHATEVER THEY are.
AND I'D roll my stockings.
AND PAINT my face.

AND MUFFLE my ears.
WITH WADES of hair.
AND DO everything.
I WANTED to do.
TO MAKE myself.
LOOK LIKE a fright.
AND DRIVE nice boys.
TO THE other girls.
I'D DO these things.
IF SO I wished.
BUT I like to think.
IF I were a girl.
I'D HAVE more sense.
AND DRESS myself.
SO THAT decent boys.
WOULDN'T HAVE to blush.
WHEN THEY went with me.
IF THEY ever did.

I THANK you.

Little Bonny's Note Book

Sometimes a self-made man is as poor a job as a home-made lamp shade. Mrs. Artie Small is working, but is still married.

As a joke, invented by a Kansan, to drive over a field it gathers hay, carries it by a conveyance into a frame and turns it into stacks weighing up to two tons, which are unloaded when completed.

A process for disinfecting anthrax infected wool employing a combination of X-rays and ultraviolet rays at about one-half the cost of the present formaldehyde system is being tried out at Liverpool.

A dam with adjustable metal wings that are claimed to fit lateral ditches of any size and form has been invented for checking the flow of water in irrigated land.

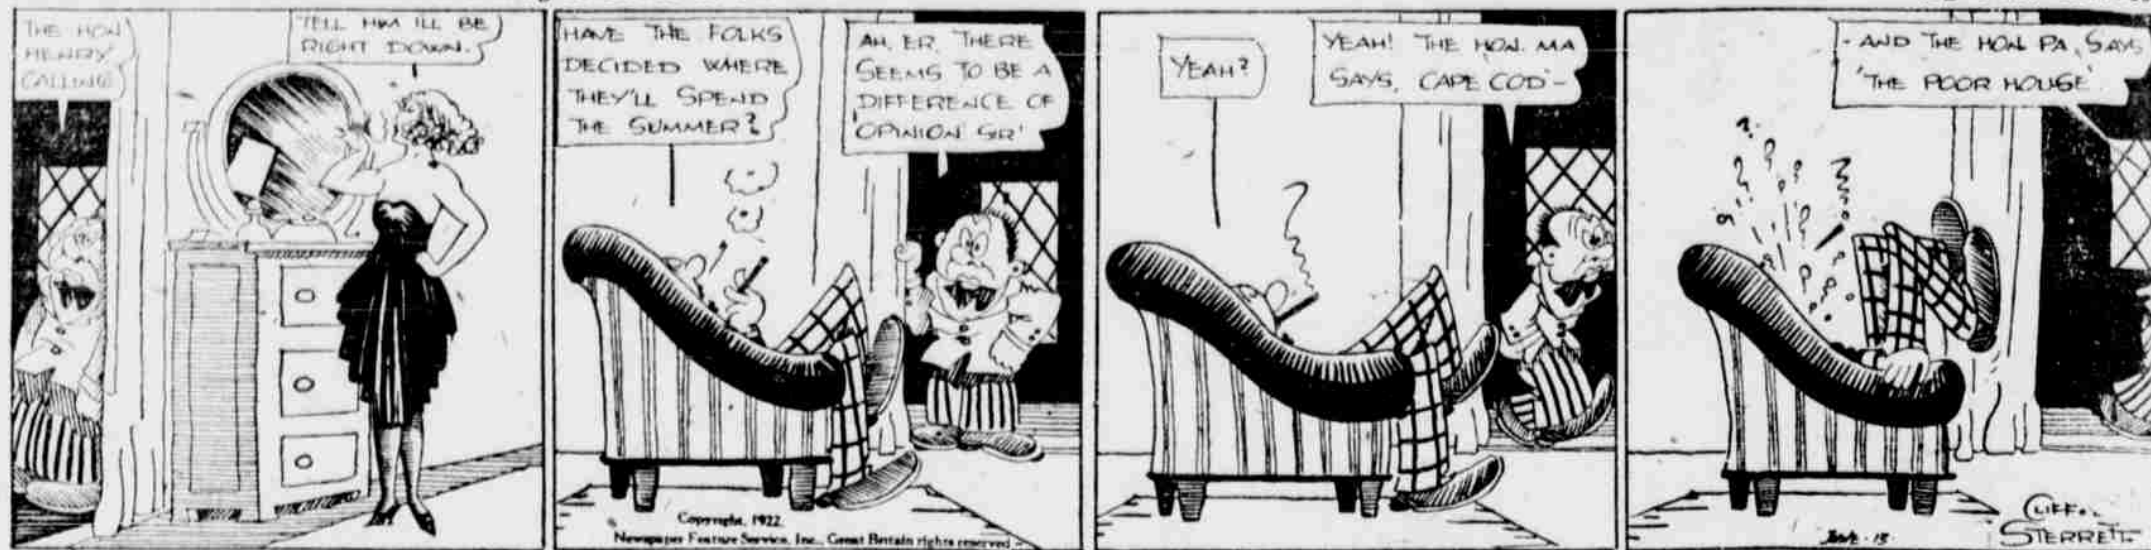

Airplane taxicabs are to be put in service at two English ports for the use of passengers from incoming steamships, who can engage them by radio while still at sea.

FRUGALITY.

A little wheat,
A little meat—
There goes my meager pay;
At supper, late
We'll lick the plate,
To save each calory.

For the man at the plow some meat you'll allow;
Too often posterity inherits the sins of prosperity.

A flat stomach and a lean leg;
A lean leg and a long race;
Advice to a fat brocker: split the diet and double the exercise.

A quarter's worth of food for a

dollar isn't a well balanced diet.

High salaries beget high calories; high blood pressure.
What's a "calory"? The heat unit of food value. There are 319 calories in a doughnut and a cup of coffee.

If you are a 150-pound banker, the equivalent of six doughnuts and six cups of coffee will keep you physically fit. If you are a wood-chopper you'll need the equivalent of 12 or 15 cups and sinkers.

The man of sedentary occupation requires half the food required by his brother, at hard muscular labor. The order is too often reversed.

Small Herds and Removal of Oil Plant Cut Craig's Assessment.

Special to The World.
VINETA, June 12.—The valuation of Craig county will be half a million less this year than in 1921, says R. H. Lightfoot, county assessor. He attributes the reduction to the shipment of a great number of cattle from the county, exhaustion of the grain stocks in storage, reduction of wholesale stocks, bank consolidations and removal of the Sinclair refinery. Last year the valuation was about \$17,500,000. This year it will be approximately \$17,000,000.

By Associated Press State Wire.
MUSKOGEE, June 12.—Two thousand letters, addressed to pastors of churches of Oklahoma have been distributed by local ministers in an effort to create a movement within the state to cause the passage of laws that will force certain industries to cease operation on Sunday. The details of the program, not made known in the letter but which have been discussed at meetings of ministers here, are: Peabody, Kan., with the view of doing all that is possible to close down nonessential industries that operate on Sunday. Streets to be laid on Sunday baseball games and motion picture shows.

Old Damage Suit Revived.

It was learned here today.

Eight Hurt in Derailment.
DENVER, June 12.—Eight passengers were injured, one probably fatally, when an Aurora car of the Denver Tramway company left the rails six miles east of this city this afternoon. The car was said to be traveling at a high rate of speed. Slippery rails are believed to have been the cause of the accident. The probably fatally injured passenger is Mrs. Jacob Strock of Denver.
